

Night Workover Supervisor

Zhaikmunai LLP, part of Nostrum Oil & Gas, an independent multi-field oil and gas company engaging in the production, development and exploration of oil and gas in the pre-Caspian Basin, is looking for a **Night Workover Supervisor**

KEY RESPONSIBILITIES

- Demonstrate Safety Leadership. Ensure that the Well Completion, Re-completion, Workover, and Well Stimulation operation (hereinafter referred to as the **“WORK”**) programme are implemented in compliance with Company’s QHSE Policies & Regulations.
- Ensure Well Control is maintained at each step in line with Company’s Operations Standards during night shift.
- Supervise the WO Contractors and all other Service Contractor under the supervision of Workover Supervisor.
- Supervise all rig operations as specified by the requirements of WORK Programme during night shift.
- Inform Workover Supervisor in case of any deviation in the implementation of the WORK Programme. Apply the Management of Chance process under the supervision of Workover Supervisor.
- Participate in rig safety, pre-spud and Pre-phase meetings during night shift and report any existing and potential deviations to Company.
- Prepare daily reports in time for the operations executed during night shift for the review of Workover Supervisor.
- Report the failures / difficulties encountered during night operations (if any) and how they are eliminated pointing out the lessons learnt.
- Make post job review and assessment on work performance of the WO Rig and other service contractors.
- Ensure that all documentation and information prepared and/or obtained in the course of operations is handled in strict confidence.
- Develop and maintain a good working relationship with colleagues, thus ensuring an efficient and professional outcome in all matters and a good working climate.
- Attend mandatory and optional training as required by Job Duties.
- Participate in rig site safety meetings.
